## PROFESSIONAL EXPERIENCE

### SEO Specialist (Consultant) | AST Consulting

January 2026 – August 2026 | Remote

- Managed end-to-end on-page, off-page, and technical SEO across two live client blogs on WordPress and Shopify, publishing 7 search-intent-optimized posts per day, several under personal byline.
- Drove a 76% increase in organic clicks on d2cbot.com through keyword research, metadata optimization, internal linking, and ethical link-building.
- Led AEO/GEO for Freecultr, tracking AI-search visibility across ChatGPT and Perplexity for 25+ product-related keywords weekly; achieved citation or answer-mention visibility for 20+ tracked keywords and Page 1 organic rankings for 13+ core terms.
- Conducted long-tail keyword research and competitor/trend analysis using Google Search Console, Google Analytics, Semrush, Ahrefs, and Moz to identify content gaps and growth opportunities.
- Built ethical off-page backlinks and optimized Amazon marketplace listings for organic product discoverability.
- Delivered weekly KPI, ranking, and live-link performance reports and monitored Google algorithm updates and AI Overview guidance.

### Independent SEO Projects | Freelance

Selected project work | Dates available on request

- Performed website and local SEO audits for live websites, identifying technical and on-page issues affecting search visibility, usability, and content discoverability.
- Audited Core Web Vitals, including mobile LCP, INP, and CLS, and identified likely performance and layout-shift causes on content and collection pages.
- Audited image usage and missing alt text at scale and identified opportunities to improve accessibility and image-search visibility.
- Reviewed internal linking, collection-page structure, metadata, crawl-related files, and content gaps to identify practical SEO opportunities.
- Reviewed and optimized structured data/schema and other on-page elements where relevant to the audited sites.
- Conducted AEO/GEO research across ChatGPT and Perplexity to assess brand visibility, citations, and third-party sources influencing AI-generated answers.
- Supported off-page SEO through backlink research, tracking, and campaign-level link-building activities.

### Independent Content Writer | Personal Portfolio & Blog
